Dear Mitch ,

I hope all is well. As you recall when you were at our house a few weeks ago we indicated to you that we had Edison Solar put solar panels on our house. We have been very pleased with the production of the solar panels. The owner of Edison Solar is Dave Miller and Dave also did the solar panels for that large office building for Murray & Murray. I am attaching to this letter an email from Dennis Murray, Jr. to his other law partners commending Dave Miller on his success of their solar panels and how beneficial they have been for their building.

I am sending this to you because you indicated you had an interest in solar panels for your work building and possibly for your home.

If you have any questions please do not hesitate to contact me.

Very truly yours,

Victor P. Kademenos
